Instead of generic names, using clear and relevant terms related to Haralambos And Holborn Sociology Themes And Perspectives improves both SEO and user trust.

Hyphens should be used to separate words in file names, as they are more search-engine-friendly. Avoid unnecessary numbers or symbols that add no context or value to the document's topic.

Title, metadata, and document properties

PDF metadata functions similarly to HTML meta tags. Title, author, subject, and keywords provide additional context to search engines. Setting a clear and relevant document title improves how Haralambos And Holborn Sociology Themes And Perspectives appears in search results and browser tabs.
