Created by an anonymous or semi-anonymous developer(s), the project was inspired by the desire to explore new narrative pathways, introduce novel characters, and experiment with gameplay mechanics not present in the base game. The title "Yellow" might hint at thematic or aesthetic choices, perhaps referencing the color's association with energy, brightness, or specific character motifs. As with many fan projects, Starlo Undertale Yellow was a labor of love, often developed over months or years, relying on open-source assets, original art, and collaborative input from the community.
