Example of an Army Information Paper

Below is a simplified example illustrating what an army information paper might look like in practice.

Subject: Security Assessment and Recommendations for Upcoming Training Exercise
Date: October 25, 2023
To: Commander, 3rd Infantry Division
From: Major John Doe, Operations Officer
Classification: Unclassified

Introduction This information paper provides an assessment of security conditions for the upcoming joint training exercise scheduled for November 2023 at Fort Liberty. It summarizes current threats, existing security measures, and recommends actions to mitigate potential risks.

Background The joint training exercise involves multiple units from the Army, National Guard, and allied forces. Recent intelligence reports indicate potential security threats from local insurgent groups, especially in peripheral areas near the training zones. Ensuring the safety of personnel and equipment is paramount for the success of the exercise.

Situation Overview

- The training site covers approximately 5,000 acres with multiple access points.
- Local insurgent activity has increased by 15% over the last quarter, according to regional intelligence.
- Previous exercises faced minor security breaches, primarily at perimeter fences.
- Current security measures include patrols, surveillance systems, and access controls.

Discussion Recent intelligence suggests that insurgent groups may attempt to disrupt the exercise through sabotage or attacks. Terrain features such as dense woods and rugged hills provide cover for potential threats. The current security posture, while robust, could be enhanced to better detect and deter adversaries.

Key considerations

include: - Adequacy of perimeter security - Effectiveness of surveillance and patrol frequency - Response readiness of security personnel - Coordination with local law enforcement and military units

Recommendations Based on the assessment, the following actions are recommended: 1. Increase patrols along the perimeter fences, especially during early morning and late evening hours. 2. Deploy additional surveillance drones to monitor hard-to-see areas. 3. Conduct security awareness briefings for all personnel involved. 4. Establish a rapid response team dedicated to addressing security incidents. 5. Coordinate with local law enforcement for joint patrols in surrounding communities. 6. Implement a daily security brief to update all stakeholders on threat levels and incidents.

Conclusion Enhancing security measures will significantly reduce the risk of disruptions during the upcoming training exercise. Implementing the above recommendations will help maintain a safe environment for all participants and ensure mission success.

Subject: Logistics Update on Supply Chain Disruptions – Q2 2024 Date: 15 March 2024 For: Battalion Commander, 1st Infantry Battalion From: Logistics Officer, S-4 Classification: UNCLASSIFIED

Introduction

This information paper provides an update on current supply chain disruptions affecting the battalion's logistics operations during the second quarter of 2024. The purpose is to inform leadership of ongoing issues and outline potential impacts on operational readiness.

Background

Over the past two months, the battalion has experienced delays in receiving key supplies such as ammunition, medical supplies, and maintenance parts due to global supply chain constraints exacerbated by ongoing geopolitical tensions. These disruptions have been documented through supply reports and communications with vendors.

Main Body

Supply Chain Disruptions Summary: - Ammunition: Delivery delays of up to three weeks from the expected date, affecting live-fire exercises scheduled for April. - Medical Supplies: Shortages of IV fluids and bandages, with stock levels at 60% of required monthly consumption. - Maintenance Parts: Lead times for parts such as engine components increased from 10 days to 30 days. Impacts on Operations: - Reduced readiness for scheduled training exercises. - Potential postponement of maintenance schedules, risking equipment availability. - Increased logistical workload on supply personnel to seek alternative sources. Actions Taken: - Engaged with multiple vendors to expedite procurement. - Prioritized critical supplies for immediate needs. - Coordinated with neighboring units for resource sharing.
