The novel captures this tumultuous era, offering a detailed depiction of village life intertwined with the machinations of local and national politics.

Author's Perspective

Sri Lal Shukla, a graduate of Allahabad University and a former civil servant, drew heavily from his own observations and experiences in rural Uttar Pradesh. His keen insights into the bureaucratic machinery, local power brokers, and societal norms lend authenticity to the narrative. Shukla's satirical tone and sharp critique stem from a desire to expose the hypocrisies and systemic flaws that hinder genuine progress.

The Narrative and Structure of Raag Darbari

Plot Overview

Raag Darbari follows the story of Bhim Singh — a young, educated man returning from the city to his ancestral village. His arrival sparks a series of revelations about the corrupt power structures, feudal dominance, and social hypocrisies that pervade rural life. As Bhim navigates these complexities, he witnesses the manipulations of local politicians, the influence of caste and kinship ties, and the pervasive patronage system.

The novel is not a linear story with a clear beginning and end but rather a mosaic of episodes, dialogues, and character sketches that collectively depict the socio-political ecosystem of the village. Through Bhim's eyes, readers explore the nuances of village life, the corrupting influence of power, and the resilience of traditional customs.

His narrative style employs irony, satire, and humor to critique societal flaws, making the novel engaging yet thought-provoking. The dialogues are sharp, often laced with wit, revealing the characters' personalities and their socio-political

inclinations.

1. The dominance of the land-owning upper castes.
2. Discrimination and social stratification.

3. The struggle of educated youth to bring reform.

The Role of Education

Bhim Singh's character embodies the contrast between urban, educated values and rural traditions. The novel critiques the limitations of education when it becomes a tool to reinforce existing power structures rather than challenge them. It questions whether education alone can catalyze social change in a deeply rooted society.
