This guide will delve into the core components of the IGCSE Art and Design scheme, outlining its structure,

assessment criteria, practical application, and tips for success.

Understanding the IGCSE Art and Design Scheme

The IGCSE Art and Design course is designed to be both practical and theoretical, encouraging students to develop their own visual language while understanding the context and history of art. It typically spans two years, allowing students to undertake a comprehensive exploration of artistic processes. Key objectives of the scheme include: - Developing technical skills across various media - Cultivating originality and personal expression - Building an understanding of art history and contemporary practices - Encouraging experimentation and innovation - Preparing students for further art education or careers in creative industries

Curriculum Structure and Components

The IGCSE Art and Design scheme is divided into two main components: 1. Portfolio of Work (Component 1) 2. Externally Set Assignment (Component 2) Each component has distinct requirements but collectively aims to assess a broad range of skills and understanding.

Component 1: Portfolio of Work

The portfolio is the core of the course, showcasing a student's development over time. It is typically built around a personal project that demonstrates exploration, experimentation, and refinement. Key features of the portfolio: - Size and Format: Usually submitted as a collection of works on A3 or A2 sheets, including sketches, studies, experiments, and finished pieces. - Content: Should cover various themes, techniques, and media, reflecting personal interests and ideas. - Development Process: Emphasizes the journey from initial ideas to final outcomes, with evidence of planning, reflection, and critique. - Number of Pieces: While no fixed number, a robust portfolio might contain 10-15 well-developed pieces. Assessment criteria for the portfolio include: - Development of ideas and themes - Technical skills and craftsmanship - Use of media and techniques - Personal expression and originality - Reflection and evaluation

Component 2: Externally Set Assignment (ESA)

This component involves a preparation period followed by a controlled test: - Preparation Period: Students select a theme from a set of options provided by the examining board. They then research, develop ideas, and produce preparatory work. - Examination Period: A 10-hour supervised session where students create a final piece inspired by their preparatory work. Key points: - The ESA tests students' ability to work independently and respond creatively under exam conditions. - The final piece should demonstrate technical proficiency and personal interpretation of the theme.

Assessment Criteria and Grading

The IGCSE Art and Design scheme is assessed through a combined evaluation of both components, based on four main criteria: 1. Development of Ideas (30%) 2. Use of Media and Techniques (30%) 3. Personal Response and Originality (20%) 4. Technical Skills and Craftsmanship (20%) Each criterion is crucial, and students should aim to excel across all areas to achieve a high grade. Grading system: - Grades range from A (highest) to E (pass), with U (ungraded) indicating fail. - A detailed grade descriptor provides feedback on strengths and areas for improvement.
