Core Principles in Nunan's Approach to Teaching Young Learners

Understanding Nunan's core principles is essential for educators who want to implement his ideas effectively:

1. **Learner-Centeredness** His methodology underscores the importance of placing young learners at the center of the learning process. This involves tailoring activities to their interests, age, and developmental levels.
2. **Communicative Competence** Nunan advocates for teaching language as a tool for meaningful communication rather than rote memorization of vocabulary and grammar rules. The goal is to enable children to use English confidently in real-life situations.
3. **Contextual Learning** Language should be taught within meaningful contexts that relate to the children's everyday experiences and cultural backgrounds.
